This letter is serving as my letter of interest in participating in the Navajo Nation Human Rights commission, in the Law enforcement position. I am a retired police officer of 24 years total, who has served with various agencies, the Navajo police, Salt River police, Hualapai police, and finally the Apache County Sheriff Office. I had served as a sergeant or a lead / senor police officer for all of those agencies. I am a specialty instructor with the Arizona Peace Officer Standards and Training (AZPOST) with specialties in high risk, high force training which consisted of; Firearms training, use of force (lethal and less than lethal), law enforcement use of chemical agents, the training of new officers just out of the police academy (field training officer, FTO) and basic SWAT training. The bulk of my law enforcement career had been the first line supervision of police officers which consisted not only in assuring the day to day operations of each department in answering all calls for service. It also required me to monitor and advise the police officers and citizens of the department’s policy requirements and monitoring and the adherence to the constitutional and statutory rights of all citizens within the jurisdictions I had worked. I feel that my tenure and maturity in the field of law enforcement, particularly in the specific area of “Indian country” law enforcement offers the commission an experience that will be tremendously beneficial to the Navajo Nation and its citizens. I look forward to your response and thank you for your attention and consideration.
